Chris Gruar states, "Cancer is a condition that affects us all. I lost my mother to breast cancer at the age of two, and it has made a profound impact on my life. When a family member was recently diagnosed with breast cancer, I knew it was time to do my bit to raise money and awareness for cancer research. Fighting cancer starts with you! By donating money to AICR, you will be directly assisting the ongoing fight to find a cure to cancer."

In March 2012, Chris Gruar began a fantastic journey across the globe, documenting all his experiences on his blog: www.cycling4cancer.com He has attracted media coverage in a number of countries in awe and support of his quest.

Andrea Ching and Chris Gruar are organising a public event at Barenz to mark the success of this campaign, and continue the donations rolling in. There will be live entertainment from musician Luke Koteris and a presentation from the man himself, Chris Gruar!
