## Exhibition Launch to Celebrate Five Years

*The ARThouse* in Narellan Town Centre first opened its doors five years ago. To coincide with this milestone, The ARThouse is slightly changing the way things are done. Each month, a new artist or collective will have a featured exhibition and a special night event to launch the exhibition.

---

*“We’ve had plenty of success with our café trade early in the week. We now want to build on our boutique art gallery and the restaurant dining experience”,* said Fraser Offord – Manager.

People can walk into *The ARThouse* and browse a range of original artworks that are available to purchase. *“As a boutique art gallery, mostly local artists are exhibited. However we occasionally host international artists when the opportunity comes up”,* said Fraser Offord.

*The ARThouse* is having its first exhibition launch this month, which will include live music from a local singer/songwriter, an announcement of the brand new ‘*POEMcomp*’, and an introduction to the featured artists.
